East Sea

VIEW SOURCE

This fan-fiction article, **East Sea**, was written by [Witcher190](#) and [Adalwulf of Aedirn](#). Please do not edit this fiction without the writers' permission.

The East Sea, also known as 大藍 by the people of [Bia Thin](#), [Cartref Watatsumi](#) in Southern Zerrikanian Dialects and グレート・プロテクター by the [Okamese](#), is one of the world's two major oceans along with [The Great Sea](#) on the western coast of [The Continent](#). Its normally calmer waters, with the exception of occasional typhoons and hurricanes, have allowed a multitude of creatures, races and civilizations to flourish there. As well as being the home of pirates, such as the infamous [Kai Yih](#).

It is in this ocean, where places such as the [Okami Islands](#), and one of the four continents that exist, the Eastern Continent, are located. It stretches as far as the [Western Coast](#) of the [Western Continent](#) with a few small archipelagos of islands scattered across the oceanic landscape from time to time.

Known Inhabitant Races

- [Ocean Vodyanoi](#)
- East Sea civilization (sister civilization of the [Great Sea civilization](#))
- [Lost Aen Seidhe Elves](#) (from the 14th century onwards, among the few who migrated to the western part of the [Western Continent](#) instead of leaving the world, trying their

luck on ships, searching for new abandoned territories to populate, coming across the small archipelagos)

Territories in the East Sea

- Eastern Continent
- [Okami Islands](#)
- [Sunda](#) (one part of it, one part of it goes into the beginning of the [Far South Seas](#))
- Small archipelagos
- Tywan

Notes

- Tywan will be based in the real kingdom of the same name that existed in the 17th century, but with two key differences. More time of existence, and also that will be inspired in a Medieval Sandalpunk version of the aboriginal people of Taiwan.
